FOR IMMEDIATE RELEASE

ASAE Announces 110 Professionals Earned CAE Credential

WASHINGTON, DC — One hundred and ten association executives recently earned their Certified Association Executive (CAE[®]) credential from the CAE Commission of ASAE, joining more than 4,300 industry leaders worldwide.

The Summer 2018 class of CAEs successfully completed the CAE examination administered nationwide on May 4, 2018. They will be honored, along with the Winter class of CAEs, during the 2018 ASAE Annual Meeting & Exposition in Chicago, August 18-21. A full list of the Summer 2018 class is at the end of the release.

“Congratulations to the new class of CAEs! You have increased your knowledge in all areas of association management that will help you with your leadership skills and throughout your career,” said Tracy L. Petrillo, EdD, CAE, chair of the CAE Commission and Chief Learning Officer of the Construction Specifications Institute.

The CAE Program serves to elevate professional standards, enhance individual performance, and designate those who have acquired and have demonstrated knowledge essential to the practice of association management. The CAE Program is accredited by the National Commission for Certifying Agencies (NCCA).

The next CAE examination will be administered on December 7. The application deadline is September 28. For more details about the CAE exam, visit asaecenter.org/cae.

About ASAE: The Center for Association Leadership

ASAE is a membership organization of more than 40,000 association executives and industry partners representing 7,200 organizations. Its members manage leading trade associations, individual membership societies and voluntary organizations across the United States and in nearly 50 countries around the world. With support of the ASAE Foundation, a separate nonprofit entity, ASAE is the premier source of learning, knowledge and future-oriented research for the association and nonprofit profession, and provides resources, education, ideas and advocacy to enhance the power and performance of the association and nonprofit community. For more information about ASAE, visit www.asaecenter.org.
